Stall Holder's Terms & Conditions

1. Location:

For 2019 the festival will be on the Clem Thompson Oval. The final site plan will be distributed as soon as it is finalized.

2. Stall Allocation

Stall holders are responsible for booking a stall size large enough for **all** their equipment. Stall holders **must** trade within the boundaries of their allotted stall. Please see "Stall Size & Pricing" below.

3. Timing & Trading Hours:

Stall must be ready on site to begin trading by 3pm Friday 9th August and be closed by midnight Saturday 10th August 2018. Stall holders may not enter onto the oval before 10am Thursday 8th August and must clear the site by 5pm Sunday 11th August.

No trading is permitted before 3pm Friday 9th August. If stall holders wish to trade after midnight Saturday 10th August then they must leave the Clem Thompson Oval and have obtained a Trading Permit from the Shire of Ashburton.

4. Vehicles:

Safety requirements limit vehicle movement on the oval. Please be prompt with your arrival and also be patient whilst large stall holders are placed on site as a priority. The oval will be clearly marked indicating the oval's reticulation locations which must be avoided whilst driving on the oval. Please refrain from locking the front wheels on your vehicle as this will damage the oval's surface and create ruts in the grass. Repair costs due to damage to the oval's surface will be invoiced to stall holders that do not follow these rules.

5. Sand bags:

A number of sandbags will be placed around the oval for stall holders to use. Due to swirling high winds that may occur during this time of year we recommend investing in appropriate weights for

gazebos and any other equipment that is at risk of becoming displaced in the event of high winds.

6. Grey Water Disposal:

There is ZERO TOLERANCE on dumping, discarding or flushing of waste material onto the oval surface. This includes, but not limited to grey water, oils of any type, greases, washing water, soapy waters, all vehicle fluids. Anyone doing this will be fined for the clean-up and will not be permitted to attend future Nameless Festivals. If you are camping on site you are required to have a catchment vessel for all of your wastewater. If your vehicle/s are parked on the oval you must have an oil tray underneath your vehicle if it is at risk of leaking oils.

7. Rubbish:

It is your responsibility to dispose of ALL rubbish. Large green bins will be placed around the oval for stall holders to use only. Please compact your rubbish before placing it in the bins to maximise storage. The yellow bins are for our patrons only and not to be used by stall holders.

8. Exiting Your Site:

Before leaving your site you must be signed off by a committee member to check the condition of your site. Please make sure you have followed the terms and conditions for Vehicles, Grey Water Disposal and Rubbish as you may be liable for cost of damage to the oval.

9. Insurance:

The Nameless Jarndunmunha Festival (NJF) accepts no responsibility for accidents or incidents that may occur on the stall holders allotted stall space. The Festival is not responsible for any damage, loss, theft or personal injury. A security guard will monitor the oval from midnight to 6am Friday & Saturday nights. All stall holders MUST hold a current Public Liability Insurance policy for not less than \$10m. Stall holders may not enter their site until they have given a copy of their current insurance to the Stalls Coordinator.

10. Fire:
